Notes

The latest single from synth-pop duo Spray is released on July 22nd. The second single off their critically acclaimed album "**Enforced Fun**", "It's The Night Of The Long Knives, Charlie Brown" is perhaps the band's most cryptic and layered offering to date.

A radio edit of the Spray remix will be available as a free download, to accompany the promo video directed by Louise Lee.

A diverse remix package sees **Spray** themselves upping the hands-in-the-air factor, **Bass Kittens** taking things tech, **Nick James** giving proceedings a retro electro flavour, **JVT** bringing a progressive house vibe and **Below Your Mind** getting wrapped up in funky bass loops.

Label

This is the 12th release on the Banoffeesound label, building up a broad and open-minded portfolio of house music spanning all the way from the synthpop mountains to the techno sea. It's a busy Summer for Banoffeesound, with three more releases to follow in August.
